WIDTH UNDER FOOT
82mm

TURN RADIUS
18m (183)

[IT'S GOOD...]

A stiff ski requiring strength and effort to get the best out of it. Solid powder ski, works well across the mountain though best served up in its natural habitat. Great edge hold.

[HOWEVER...]

Not for a beginner, needs strength and effort to control.

VERDICT
GOOD OVERALL SKI THAT'S MOST AT HOME IN POWDER AND CRUD. WORKS ON-PISTE WITH THE RIGHT SKILL
